A note from Mr Stoyles

I hope you are enjoying and making the most of this beautiful weather, fingers crossed it lasts through to the Easter break!

We were delighted to be awarded, one of 29 specially commissioned medals, for a project that Ladoca Class performed last July, in memory of Walter Tull.

The medals are awarded to groups for outstanding contribution to commemorate Walter in a creative and meaningful way, to overcome barriers that exist within our community and to hold a conversation about them. Ladoca Class had these conversations and performed 'I Have a Dream' and Walter was included in our poppy display, within the church flower festival.

St. Ladoca having a No Barriers Conversation.
On Friday morning during our collective worship in the church we will be presented with our medal by a special guest, the Lord Lieutenant of Cornwall, Col. Edward Bolitho.

You may have noticed some changes taking place in the Maori longhouse over the last week. At the moment we just have a blank white wall, but very soon you will see something wonderful emerging! We are so grateful to Nicola Marsden who is masterminding this wonderful project with the children. Each week they will be working on a magnificent beach-themed piece of artwork which will bring the longhouse alive. Keep watching!

Stay & Play sessions in the village hall

Next week will be the last Stay and Play session this side of the Easter holidays. We will begin again on the week commencing 29th April to avoid any confusion with bank holidays etc and these will then run through until week ending 12th July. The only exception (other than half term) will be Monday 3rd June as it is an inset day for us and therefore we will not run a session on that day.

RECYCLING OF INK CARTRIDGES

Start earning cash for our school today simply by recycling your old and unwanted inkjet cartridges, to spend on new equipment, classroom supplies or even new projects, all whilst helping the environment.

A box will be placed outside of the office for you to place your cartridges in, these will then be sent to The Recycling Factory.

Did you know that if a cartridge isn't recycled and sent to landfill, the plastic that is contained within the casing can take up to 1,000 years to decompose!
